Ok great, thanks. Looks like R9 only has 2 outstanding calls – I need to check in with David first on the older of the two, but we'll work on that today.

Also, I just called back [REDACTED] who called from Utah – she was marked at R9.

Hi all,

We are working to improve our communication and coordination and will have a person specifically assigned to this task. We may not have the updated response and actions today, but will plan to have them daily for you beginning tomorrow. Rebecca, is there someone else I should copy on this communication for you all back in Durango?

Also, definitely send the logs as soon as you can so we can get a sense of the volume of our current backlog.

Best,

Amanda

Hi Joan,

I just found out it's Amanda Pease (copied).

I would love to have updated response and actions at the end of each day, but understand if that isn't possible. If you could get them to me as you are able, that would be great.

Rebecca,

Who is the person assigned to make response calls in Region 9? Also, do you the spreadsheet with the call response date, action, description at the end of each day?

Sure thing. FYI, R6 received one more call last night. It is highlighted on the attached.

Rebecca, could you include Monica Smith and Joan Drammeh on all Call log related communications. Thank you.

Hi all,

Attached is the updated call log for today.

Please keep track of who you've called back and if it's resolved. Tomorrow, I will fix the spreadsheet so it reflects the calls I have made and if things are resolved.

Thanks,

Rebecca
